Deutsches Institut für  
Japanstudien

**Peter GRIES**  
Professor and Director,  
Manchester China Institute,  
University of Manchester

# BOOK TALK #01

By Global Asian Studies,  
Institute for Advanced Studies  
on Asia, Utokyo

The nature of Japan-China relations has shifted from "friendship" to "coexistence" during these five decades since the normalization of diplomatic relations in 1972. This newly published book collects a variety of papers analyzing two decades of changing Japan-China relations since 2001 from different angles including politics, diplomacy, economy and society. -University of Tokyo Press-
